and other events for the whole family. During its twelve years, the centre's program and activities have been growing according to the needs and interests of its clients.

The activities of MC Kuřátka are significantly affected by volunteers, who participate in running the centre and make the program diverse. Its goal is to support families, their coexistence and activities, to act preventively and also to offer advice and help in critical situations. It offers an opportunity for self-realization during maternity leave. If you need new stimuli, advice, a bit of calm or just new friends for you and for your child, don't hesitate to visit us. Just drop by, our well-stocked art room and game centre are waiting for you!
